Powered by the power of Kord to heal, and the command of the Earth Mages, we shall rise from these lands and build an empire! For the sake of humanity, we shall rise from these lands and build an empire! Dedicated to the people of the Lands Between, the next generation of an action RPG is born. Conceived by the creators of the Ao Maidens game series, the new fantasy action RPG will bring you back to the Lands Between and take you on an adventure of your life. *TIMELINE March 29, 2017: New Fantasy Action RPG Revealed Winter 2017: New Fantasy Action RPG Announced Ties that Bind The name Elden Ring sounds familiar, but what is it? As you may know, the name of this game is actually the name of a game series that brought us hope-filled stories of classic fantasy and adventures around the Lands Between. The game we're presenting is a spiritual successor to the Elden Ring, and is a new fantasy action RPG with a storyline that has been brought to life via the talents of the creators of the Ao Maidens game series. For the sake of humanity, we shall rise from these lands and build an empire! The game was decided on upon the fact that the development of RPG games have already been going very well, but as time goes on there has been a rapidly increasing demand for fantasy action RPGs, and in this sense we decided that it was time for us to branch out and make a fantasy action RPG. From the main scenario, we started with the thought of wanting to create a fantasy action RPG with a "tough" feel. There are various feelings of the game such as never-ending battles and intense thrill, but we wanted to eliminate these feelings while maintaining the amount of fun that you can get from an action game. Under this foundation of a fantasy action RPG, a concept of a new MMO was decided on. A game that can be played alone or cooperatively with others, and that can connect to other players and experience the world and others' stories. It's possible because we decided that the game would use a proprietary engine that supports online play! The name Elden Ring, which is also the name of the original fantasy RPG series that we will be based on, was decided upon under the situation where we couldn't decide on a name for the

Features Key:
